Create your account

Choose **Get started** on the home page.

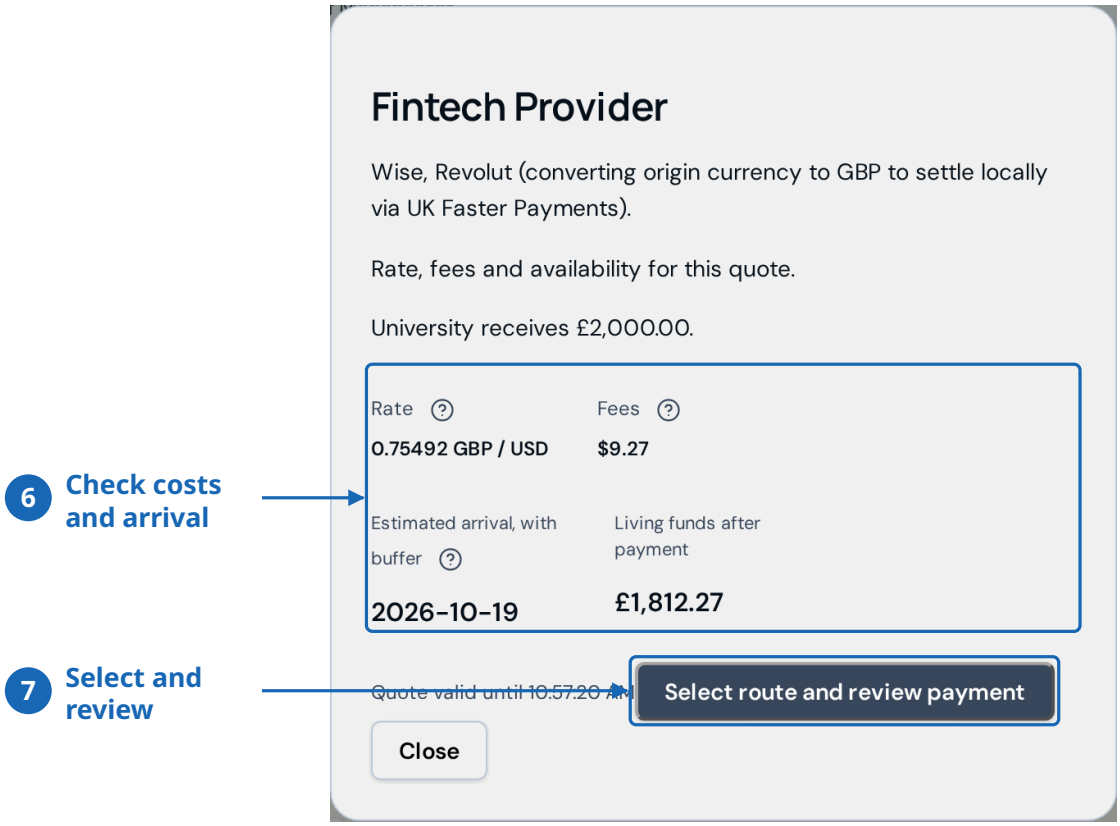

4 Finish setup: choose your countries, university, and course. Confirm your starting funding.

Use fictional data for this demo. Already have an account? Sign in.

Choose a tuition route

5 Open **Payments**. Check tuition, set a future deadline and living-cost reserve, then save. Open a route's **Details**.

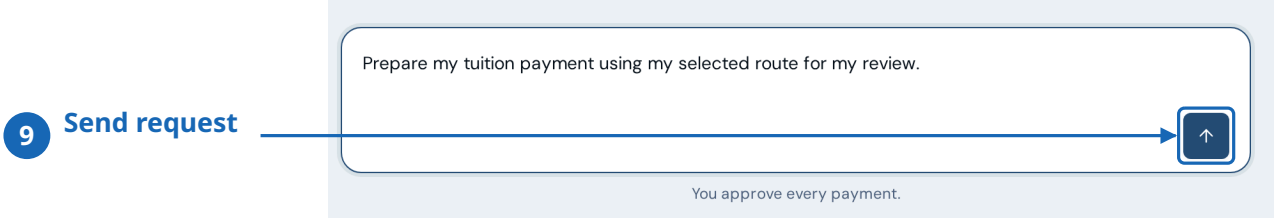

8 In review, check the university and amount. Choose **Confirm recipient**.

Expired quote? Refresh it. Arrival is an estimate; recipient confirmation is a sandbox check.

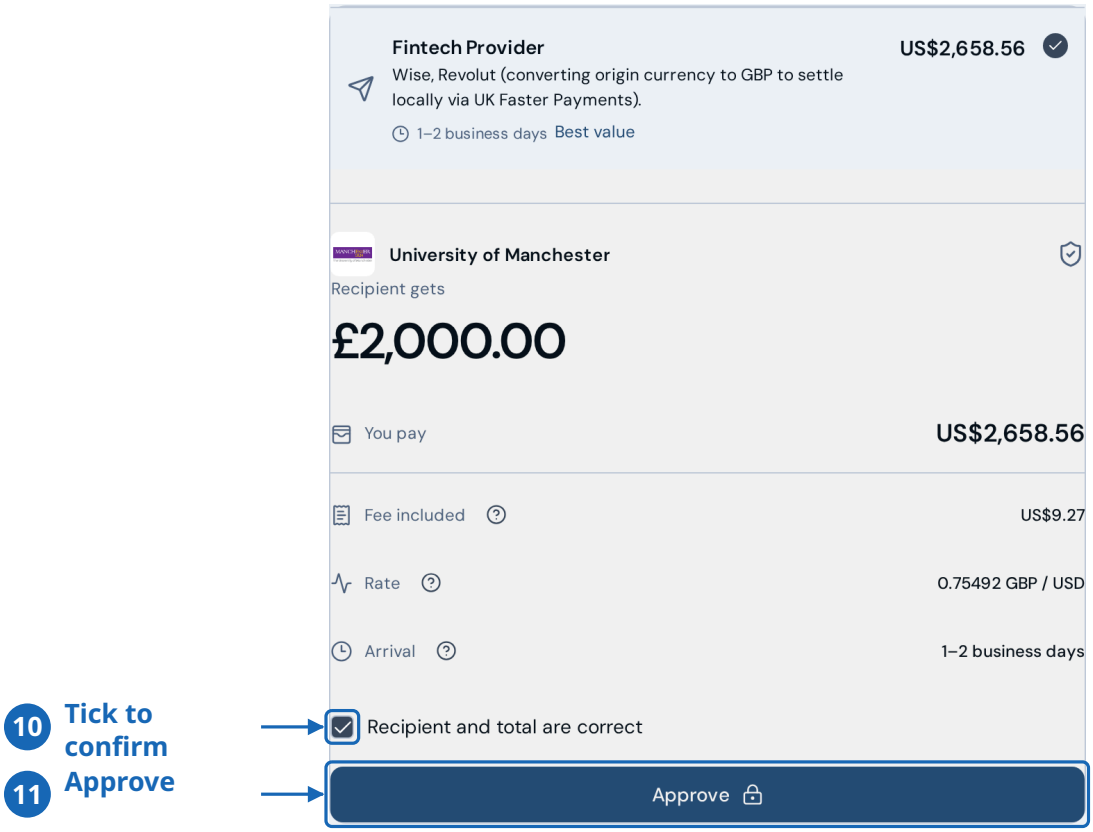

Ask AI, then approve

Open **AI Agent**. Read the privacy notice and enable AI if you agree.

9 Type: “Prepare my tuition payment using my selected route.” Then send.

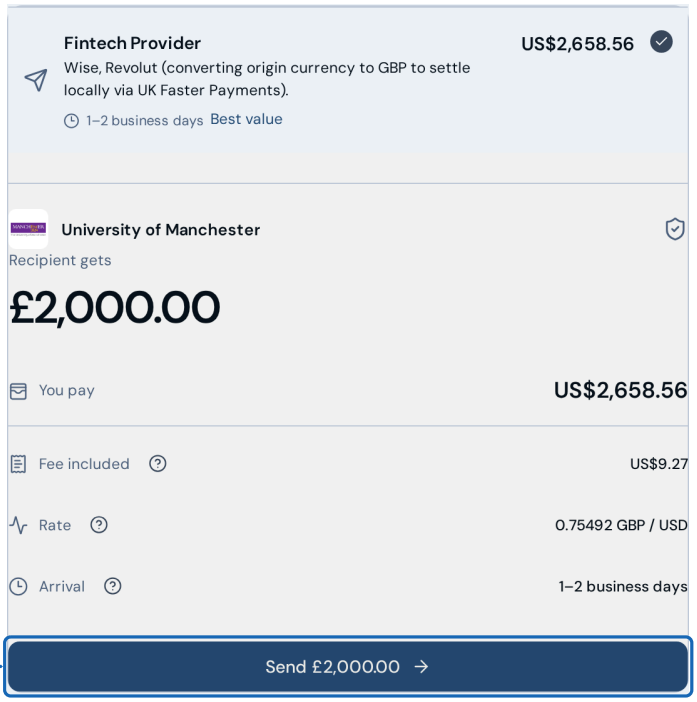

Return to **Payments**. Check the university, amount, fee, and arrival.

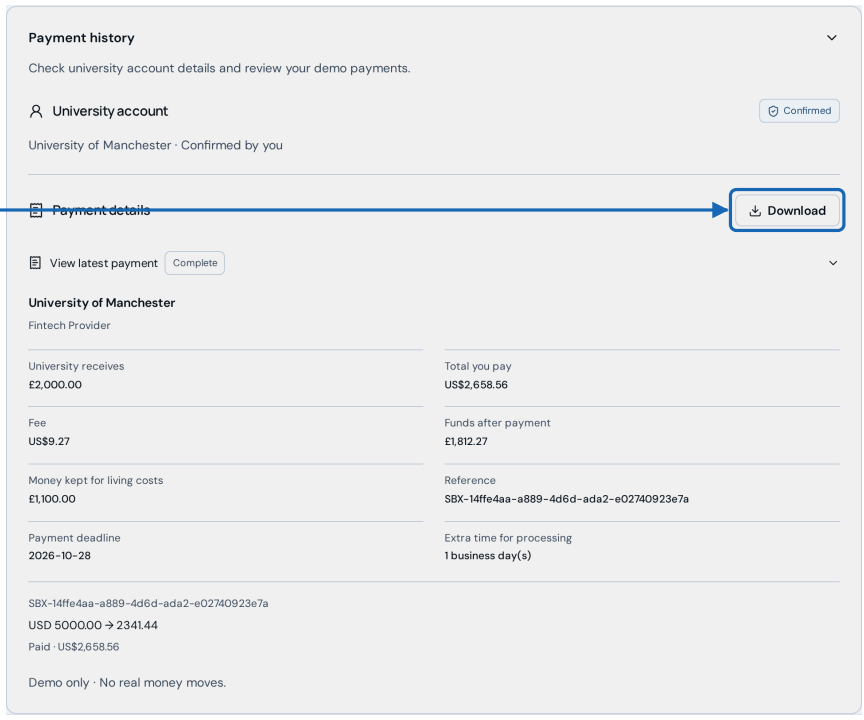

The AI prepares. You approve. Nothing is sent yet.

Send and save

12 **Send payment**

Open **Profile / Security & activity / Payment history**.

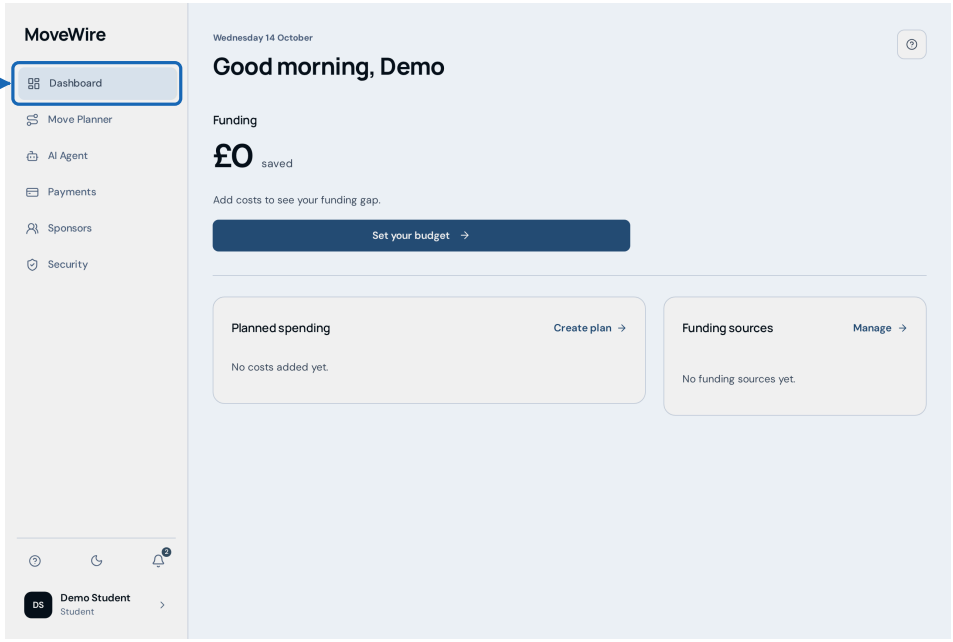

13 **Download receipt**

Done. Your receipt records a simulated payment. No real money moved.
